

## HANCOCK

SIDEWALK AND PAVING  
ROLLS ARE APPROVED

Hancock Council Also Awards Contract for Laying 150,000 Feet of Cement Sidewalk to Anderson & Son, to be Completed August 1, 1910—Special Counsel Engaged.

At the meeting of the common council, held last evening, the paving assessment roll for Hancock street as prepared by the board of special assessors was approved and placed on file and the first installment was also approved. The hearing on the sidewalk assessments developed no opposition or protest and the rolls were also approved.

The bids received some time ago for the construction of the proposed new sidewalks throughout the city were opened and that of A. W. Anderson & Son was accepted. There will be approximately 150,000 square feet of sidewalk to be laid and the contractors were given until August 1, 1910, in which to complete the job, although work will be started and a considerable portion done this fall.

On account of the drawback that the Central Bitulithic company has encountered in its paving job on Hancock street, an extension of time until November 15 was granted.

A petition was received from Close & Hodgson relative to the bad and dangerous condition and need of repairs at the city dock at the foot of Tegenoe street. The matter was referred to the city engineer.

The council appointed S. L. Lawton, former city attorney, as special counsel to assist City Attorney John Kliskila in fighting the injunction suit brought against the city by C. A. Wright, in relation to building the Hancock street sidewalks according to the grade given by the city engineer. The hearing on the injunction is to come up before Justice Streeter on Tuesday, November 9, and it is the intention of the city to fight the case to a finish, believing that the contentions regarding the sidewalk difficulty are unreasonable.

Two bids were received for furnishing and delivering to the city ten tons of hay and two tons of oats, one being from Frank Eliola and Co. and the other from a Chaswell firm. The bids were referred to the fire and water committees.

A recommendation was received from the board of public works, which held a special meeting yesterday afternoon, recommending that the bid of E. A. Hamilton be accepted for the laying of 550 feet of six-inch water main on Mason avenue in the Quincy addition. Mr. Hamilton's was the only bid received, and offered to do the trenching work at the rate of 25 cents per foot. The council accepted the recommendation and will furnish the pipe. Mr. Hamilton is to do the excavating and filling and laying.

The board of public works also recommended to the council that 1,600 feet of water pipe be purchased to replace that used on Railroad avenue, on Emery street to the Ulloch addition and that to be used on Mason avenue. This pipe will be taken from the consignment purchased for the water works extension in West Hancock and the extra pipe to replace it will be necessary. The purchase of six new hydrants with necessary fixtures was also recommended. All the recommendations were concurred in by the council. Mayor James left early in the session to attend a meeting of the Knights of Pythias and Alderman Seaton of the fourth ward as mayor pro tem, the regular mayor pro tem, Alderman Francis, not being present.

101 Wisconsin Street Milwaukee, Wis.

PLEASANT SOCIAL SESSION  
OF KNIGHTS OF PYTHIAS

Hancock Lodge Entertains Members of the Order From Various Parts of the County at Big Meeting Held Last Evening in Rooms in the Kault Block, With Luncheon and Program.

The social session held last evening by Hancock lodge, No. 109, Knights of Pythias in their castle hall in the Kault building was one of the biggest given by the local Pythians in a long time, and a very pleasant evening was spent with music, addresses, refreshments and cigars.

After the conclusion of the brief business session the members adjourned to the dining room, where a bountiful luncheon of coffee, sandwiches, etc., was served, after which on returning to the lodge room, a program was given in the course of which a number of those present were called upon for stories, addresses or other entertainment features. Mayor W. Frank James of Hancock acted as toastmaster and introduced the several speakers and singers in a pleasing and able manner. S. L. Lawton spoke on "Patriotism of Pythianism," handling the subject in a manner that made a deep impression on his hearers. A vocal selection by Will Hall followed, and then Ira E. Randall made a brief address on that subject that he has so much at heart, the old Rathbone school house at Eagle Harbor. A. W. Graunstadt favored with a vocal selection and several of the Laurium members responded to a request for some remarks on the proposed temple of the Dramatic Order of the Knights of Khorrassan that is contemplated at Calumet, those speaking on this topic being James T. Fisher, Bruce Paton, Dr. H. E. Sangster and Angus McLennon. Leroy Ingram the representative of the Hancock lodge at the grand lodge meeting, held recently at Lansing, gave an extended report of the proceedings and actions of the convention which proved of general interest. Visiting members from the several lodges of the county, including those from Chaswell, Calumet, Laurium and Houghton, were asked for brief remarks or stories, and all entered heartily into the spirit of the occasion, adding their quota to the pleasures of the evening. All the lodges mentioned were represented by large delegations and the event added materially in cementing more closely the amicable relations existing between the brethren of the order throughout the county.

On account of the drawback that the Central Bitulithic company has encountered in its paving job on Hancock street, an extension of time until November 15 was granted.

A petition was received from Close & Hodgson relative to the bad and dangerous condition and need of repairs at the city dock at the foot of Tegenoe street. The matter was referred to the city engineer.

Two bids were received for furnishing and delivering to the city ten tons of hay and two tons of oats, one being from Frank Eliola and Co. and the other from a Chaswell firm. The bids were referred to the fire and water committees.

A recommendation was received from the board of public works, which held a special meeting yesterday afternoon, recommending that the bid of E. A. Hamilton be accepted for the laying of 550 feet of six-inch water main on Mason avenue in the Quincy addition. Mr. Hamilton's was the only bid received, and offered to do the trenching work at the rate of 25 cents per foot. The council accepted the recommendation and will furnish the pipe. Mr. Hamilton is to do the excavating and filling and laying.

The board of public works also recommended to the council that 1,600 feet of water pipe be purchased to replace that used on Railroad avenue, on Emery street to the Ulloch addition and that to be used on Mason avenue. This pipe will be taken from the consignment purchased for the water works extension in West Hancock and the extra pipe to replace it will be necessary. The purchase of six new hydrants with necessary fixtures was also recommended. All the recommendations were concurred in by the council. Mayor James left early in the session to attend a meeting of the Knights of Pythias and Alderman Seaton of the fourth ward as mayor pro tem, the regular mayor pro tem, Alderman Francis, not being present.

QUARTERLY CONFERENCE AT  
PEWABIC M. E. CHURCH

The first quarterly conference of the present church year at the Pewabic Methodist Episcopal church will be held on Monday evening, with Rev. James Pascoe, general superintendent of the Houghton district, presiding.

On Sunday evening the quarterly meeting will be held, on which occasion Rev. Pascoe will occupy the pulpit and following the service there will be a communion service. The regular quarterly love feast will be held on Sunday morning at 9 o'clock and at the usual morning service at half past 10 o'clock the pastor, Rev. M. H. Eldred, will preach on the subject, "The Glory of Common Things." Sunday school will be at 2:30 p. m. and will be in charge of Superintendent William Williams.

## HANCOCK CHURCH SERVICES.

Rev. Jos Gould, pastor of the Hancock Congregational church, will have for the subject of his sermon at the morning service at 10:30 tomorrow morning, "The Fear of the Lord is the Beginning of Wisdom." In the evening at 7 o'clock Mr. Gould will preach the third in the series of sermons on "New Testament Undesirables," the subject for the evening being "Judas, the Traitor."

The services at the First M. E. church on Sunday will consist of class meeting at 9:30; public worship at 10:30; Sunday school at 12 m.; Junior league, 2:45; Senior Epworth league, 4:30; public worship, 7. The morning sermon will be on "The Feast of Victory," and the evening topic, "Method of the World's Subjugation." Meetings for the following week will be as follows, Monday, 7:30 Epworth league literary meeting; Tuesday, 7:30

ladies' class meeting, Wednesday at 2. Ladies' Aid society; Thursday at 4. Junior League Literary meeting; 7:30 prayer meeting; Saturday at 8. Holloven social, given by the Epworth league.

## TO BANQUET TEACHERS.

Board of Education to Entertain Public School Staff Next Week.

The board of education of Hancock is arranging to entertain the forty or more teachers in the local public schools at a banquet to be given on Wednesday evening next at the Hotel Scott. The affair will be informal and is arranged for the purpose of enabling the school board to make the acquaintance of the teaching staff and also to afford an opportunity for the instructors to meet one another. The banquet will be the first of the kind that has ever been held here, and it is looked forward to with considerable interest. School matters in general will be thrashed over and suggestions pertaining to the work of the local educational institutions will be received. Invitations are now being gotten out for the event and about forty, including the members of the school board, will sit down to the spread.

Fred W. Corbett, a member of the state and national committees of the prohibition party, will give a temperance address on Sunday evening at the Congregational church, taking the place of the sermon arranged for the occasion by the pastor.

Special cars have been arranged for the copper country Elks who will attend the dedication of the new Elks' temple at Duluth next Friday. There will be one car for Calumet Elks and another for those from Hancock lodge, and low rate tickets may be obtained from the exalted rulers and secretaries of each of the two lodges.

## DRAWINGS BY PUPILS.

The pupils of the Ripley school have just finished their first course in drawing and music under the direction of Prof. L. A. Colom. A book on nature study has been completed by the pupils, and contains copies of pressed leaves and plants, that were collected and dried and pressed and then reproduced in colors in the books. Each book has an original cover designed by the pupils, and make attractive souvenirs of the work accomplished.

## HANCOCK BREVITIES.

A large St. Bernard dog was killed by a street car near Scott street this morning and was removed by the street cleaning employees.

The steamer Paisley has cleared from Cleveland for Portage lake with a cargo of hard coal for the Portage Coal and Dock company.

The infant daughter of James H. Hosking and wife, that was born last Tuesday, died the same day and the funeral held Wednesday, interment taking place in Lakeside cemetery.

George Wetmore, manager of the Bijou theater, has been promoted to be treasurer of the Campbell Bijou circuit, and will assume his new duties next week. His successor will be Ites Leroy, formerly of the Calumet Bijou, the Hancock Savoy and the Houghton Lytle theaters. Mr. Wetmore will continue to make his headquarters at the Scott hotel in Hancock, when not absent on a tour of the theaters on the circuit.

Miss Emma Nikander and Lempi Jasberg returned this week from a five months' visit to Finland.

The first meeting of the Pewabic Brotherhood of Quincy hill for the fall will be held this evening, when work for the season will be resumed.

The Ladies' Aid society of the Pewabic M. E. church met last Tuesday at the home of Mrs. George Colledick and the time was passed very pleasantly by the members present.

The subject for the regular meeting of the Pewabic M. E. church Epworth league on Monday evening will be "A Lost Son and a Yearning Father." The leader will be Miss Louis Kellow.

## TORCH LAKE NEWS

SUNDAY'S SERVICES IN  
TORCH LAKE CHURCHES

Services will be conducted in the Torch Lake churches as usual tomorrow.

In the Lake Linden Congregational church there will be a special service known as the "Harvest Home" service appropriate to this particular time of the year. Tuesday evening in the parlors of the same church, there will be a "Harvest Home" supper given by the ladies. They have arranged for an elaborate menu to be served from five o'clock in the afternoon until eight o'clock or until all patrons have been supplied.

At the Lake Linden Methodist church there will be an interesting service at which the Rev. Fred W. Corbett will preach. He is an able talker, well known through the lower portion of the state for his fearless work for temperance and he is in the copper country in the interests of the campaign which will be waged a year from this fall to list this state among the "drys."

Rev. Jesse Povey, pastor of the Lake Linden Congregational church will preach at Hubbard on Sunday. The service will be held in the afternoon at

Hoarseness in a child subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given at once or even after the croupy cough has appeared, it will prevent the attack. Contains no poison. Sold by Eagle Drug Store, Calumet, and Laurium Pharmacy, Laurium.

3 o'clock taking the place of the regular evening service.

## APPLY FOR LICENSES.

Lake Linden Deer Hunters Waiting for the Opening of Season.

The local deputies for the county clerk have had numerous applications for deer licenses to date and it is thought that the number of hunters will exceed those of last year.

Joseph Wise of Hubbard had applications last fall for about 25 licenses, and this year, so far, there have been 14 applications dealt with.

Justice E. E. Prince, the representative in Lake Linden has sent to the county clerk six applications this year, but the coming week will see a great many more sent in as the hunters are already preparing for the opening of the season.

## TORCH LAKE BREVITIES.

Mrs. Bee Croft of Marquette arrived in town Friday evening and will remain here for a few days at least.

A meeting of the businessmen and clerks of Hubbard will be held Monday evening at which time committees will be appointed to take charge of a dance which will be given on November 3. The party will be a private one and Hart's orchestra will play the dance music.

The card party at the convent hall Friday evening, under the auspices of the young ladies league of Hubbard was a grand success.

The residence of Mrs. James Padelford of Hubbard has been sold to Albert Calloway of that village.

## How to Receive Advice.

More wisdom is required in taking than in giving advice. It should seldom be taken whole. The great thing, as we believe, is to take none which is out of character. To do so is to regret it. If we are naturally slow of decision, we shall be hurried into promptness at our peril. If we are by nature placable and polite, we must not take advice to be arbitrary even in the best cause, says a writer in the London Spectator. If we are impulsive, we should take counsel with a man of the same temperament and stronger mind; but not with the phlegmatic, though he be the wisest slowcoach on earth. We all know our own defects, and if we are decent people at all our moral constitution has set up certain compensations. To disturb these is to court failure. So far as the isolated act is concerned, rashly accepted advice may be good enough—and successful enough—but how are we to go on? We have started on a course which is out of character, and we shall stumble until we get back into our stride.

## A Popular Fallacy.

The generally accepted belief that a person is useful in proportion as he is busy is controverted by a writer, who says: "I have a dog that is loaded up with fleas. In the summer time, when the fleas are plenty, that is the busiest dog I ever saw; when he isn't biting at the fleas he's snapping at the flies. He never has a minute to spare, but when he is the busiest he is the least account for practical purposes. And there is a young fellow in my neighborhood who has a Waterbury watch, and he smokes cigarettes. When he isn't winding his watch he is lighting a cigarette. He is a mighty busy young man, but he isn't worth two hoops in a water barrel."—Rule (Tex.) Review.

## Women's Newspapers in China.

"The Strong Man of China" was a woman—the late dowager empress. Though the country is behind hand in many ways, it is well to the fore in the matter of women's daily papers, of which it has a large number. There are five in Shanghai, four in Canton, and hardly any city is without its women's daily press. Generally these papers are produced solely by women.

—Home Notes.

## MARKET FOR ICE IN TURKEY

Company Shaves Product Until It Resembles Snow, Which the Native Demand.

There is a newly erected ice plant at Smyrna, Turkey, built by an American company, and it is now doing a good business. An ice plant there has been making daily about six tons of poor ice, which it sold at \$15 a ton.

The new company makes from distilled water a fine, clear ice, which it sells at \$5 a ton, and although it has been running scarcely 30 days it is selling from 25 to 40 tons of ice daily.

The company has some unique competition from the mountain folk, who bring to Smyrna snow packed in skins. They save the snow in the winter by having it packed in trenches and covered with pine needles.

The Turks are very conservative, and it is difficult to get some of them to use ice instead of the snow to which they have been accustomed for many years, even though the latter costs them one cent a pound, or \$20

Superior Trust  
Company  
Hancock, Mich.  
Capital \$150,000

This company is under the supervision of the state banking department and is authorized by law to act as executor, administrator, guardian, assignee, receiver or trustee.

## CURRENT GOSSIP OF THE COPPERS

Continued from Page 2.

pany are in excellent shape and the machinery equipment is adequate for all necessary exploratory work, unless conditions are entirely different here from other points in the district water level should be reached in the shaft within 100 feet and we should soon be cross-cutting to the different lodes. It will be the aim of the management to develop the property at the lowest possible cost to the shareholders, both present and prospective.

## SHATTUCK—

The report that Calumet & Arizona has or is negotiating for control of the Shattuck property refuses to be downed. The buying of the stock during the past week has had some significance, but was hardly aggressive enough to indicate any important C. & A. developments. Secretary Campbell denied any basis for the story that Calumet & Arizona was in control of Shattuck, and other directors of C. & A. have corroborated his statements. In any event it looks as though there were some developments pending at the Shattuck, possibly foreign entirely to the C. & A. story.

Calumet & Arizona could handle the Shattuck property admirably. Shattuck has large ore bodies blocked out ready to ship, but has no smelter. It is also reported that there is some dissension among the directors and heavy shareholders. There has been some quiet

absorption of Shattuck going on for weeks past, and apparently from sources well informed. Shattuck looks like a good purchase around present prices not only because of the physical condition of the property but also because of the speculative features now attached to it.

## MICHIGAN—

Shipments of rock from the Michigan to the Atlantic stampmill have continued all week, though they dropped off considerably. It is quite likely that before another week will have passed, Michigan will discontinue entirely these shipments. The fact that the company has ceased all active mining work makes this step likely. Shareholders are still in a quandary for the real reason for the step taken taken inasmuch as the assessment of \$2 was paid only last month and should have provided the company with \$200,000.

## MASS—

It is rumored that Mass' is to follow in the steps of Michigan and curtail operations until such a time as the metal situation improves. This step has not yet been taken but is indicated to a degree by the action of the stock. Mass has continued its efforts of late to opening its new lode, which yet remains to be positively proven either profitable or otherwise. The company will probably require further funds during the coming winter if the metal market does not improve.
